ABOUT ME /

I am currently a second-year student at the Belarusian State University of Informatics and Radioelectronics, studying in the Faculty of Information Technology and Management, with a major in Automated Information Processing Systems.

I'm curious individual who is always eager to learn and take on new challenges.

Currently, I'm studying Java technology, while also working on improving my English skills.

WORK EXPERIENCE /

Programming School TeachMeSkills

Java Developer (graduate)

May 2023 - January 2024

Technology Stack:

- Spring Boot 3.2.1;
- Spring Data JPA;
- Spring Security 6, JSON Web Token (JWT);
- H2 Database, PostgreSQL;
- JUnit, Mockito;
- Spring Boot Starter Mail;
- Liquibase;
- Docker, Docker Compose;

Result:

- Requirements analysis and application architecture design.
- Developing business logic and application components using Spring Boot and Java.
- Creation of REST API for interaction with the client.
- Working with the database using Spring Data JPA and the chosen DBMS (H2 Database and PostgreSQL).
- Implementing security and authentication using Spring Security and JWT.
- Writing unit tests using JUnit and Mockito.
- Using tools to build, test, and deploy an application (e.g., Docker and Docker Compose).
- Setting up database migrations using Liquibase.
- Implementing additional libraries and tools to ease development and improve performance (e.g., Lombok, MapStruct, Hibernate Validator).
- Testing, debugging and optimization of the application.

You can familiarize yourself with the project by following the link: <https://github.com/IvanDolg/LearningPlatformSQL>.

HARD SKILLS /

Linux, Windows, Git, GitHub, Java Core, Servlet, Spring Core, Design patterns, Spring MVC, Spring Boot MVC, Spring Boot REST, Spring JDBC, Hibernate, Data JPA, Spring Security 5/6, JSON Web Token (JWT), H2, PostgreSQL, MySQL, Liquibase, Docker, Docker Compose, JUnit, Mockito, Maven, Gradle.

HTML, CSS, JSP, Bootstrap

English (B1 - Intermediate)

EDUCATION /

Programming School TeachMeSkills

Java Developer
May 2023 - January 2024

BSUIR

Engineer / Programmer
September 2021 - Present time
